

College Credit Plus Checklist 2024-25

Northmont High School

- I have watched the virtual CCP presentation for Northmont High School in its entirety. I understand the risks, the benefits, and my responsibilities.
- I have completed the Intent Form to participate in CCP (via Google Forms) by the April 1, 2024 deadline.
- I have applied to the appropriate institution (Sinclair, Edison, or another college) as a CCP student using a personal email address. Returning CCP students do not need to apply to the same institution again.
- I have taken or plan to take a placement test through the college or university and understand I must place as college-ready to be eligible for CCP OR my GPA and final grades in the appropriate NHS classes qualify me for CCP eligibility.
- I understand the risks of the CCP program including but not limited to:
 - Grades will be reflected on both high school and college transcripts.
 - Failure or late withdrawal of course will result in paying for the course out of pocket.
 - Student athletes must maintain at least 5 academic classes each grading period to be eligible for sports.
 - Students who fail a CCP course will not be permitted to retake a course in that same subject area the following semester.
