West Central Ohio Manufacturing Partnership STEM Scholarship

Deadline to apply: April 15, 2024 5:00 pm

The West Central Ohio Manufacturing Partnership(WCOMP) has established a scholarship program to provide opportunities to students studying manufacturing trades, engineering, maintenance, robotics, automation, and electronics. In 2023, up to five scholarships of $1,000 each are offered for full-time study at an accredited U.S. institution of the student's choice.

The program is administered by WCOMP. Eligibility for individual programs is determined at the sole discretion of the sponsor, and eligible applications are reviewed by WCOMP's evaluation team.

Required Documents

As part of your application, you must upload the following documents:

- A current, complete transcript of grades. Grade reports are not accepted. Transcripts must display student name, school name, grades and credit hours for each course and term in which each course was taken.
- This information can be uploaded to WCOMPmfgpartners@gmail.com.

NOTE: Taking the SAT or ACT is not required to be considered for this scholarship.

If you are providing SAT or ACT test scores, and those scores are not listed on your high school transcript, you will need to upload a copy of your test score report(s) separately. If you are uploading a college transcript, those scores are not required.

As part of your application, one online recommendation must be completed on your behalf no later than April 15, 2024 5:00 pm EST.

Your application is not complete unless all required documents are submitted electronically.

Awards

If selected as a recipient, the student will receive a one-time $1,000 award. Up to 5 awards will be granted in 2024.

NOTE: An emphasis will be placed on student study in the manufacturing trades.

Awards are for manufacturing accreditation or undergraduate study only.

Notification

Applicants will be notified in May. Not all applicants to the program will be selected as recipients.

Payment of Scholarships

WCOMP processes scholarship payments which will be awarded in July.

Selection of Recipients

Scholarship recipients are selected on the basis of academic record, demonstrated leadership and participation in school and community activities (including membership in relevant trade organizations or associations), work experience, a statement of career and educational goals and aspirations, and an online recommendation.

Selection of recipients is made by the WCOMP selection committee. All applicants agree to accept the decision as final.

Applicants of the WCOMP STEM Scholarship Program must be:

- U.S. Citizens.
- Current high school seniors with a cumulative 2.25 or above GPA, or current community college or career technical center students with a cumulative 2.25 or above GPA.
- Planning to enroll or already enrolled full-time at an accredited career technical center, trade specific school, or community college in the U.S.
- Be willing to consider a paid internship with WCOMP member companies, other circumstances notwithstanding (note: the internship is not required to receive a scholarship, and scholarship recipients are not guaranteed an internship).
